INTRODUCTION

This handbook is designed for candidates seeking nurse aide certification in Mississippi. It describes the process of applying for and taking the National Nurse Aide Assessment Program (NNAAP®) Examination. All nurse aide candidates and certified nurse aides are responsible for knowing its contents.

The Mississippi State Department of Health, Bureau of Health Facilities Licensure and Certification, has contracted with Credentia, a nationally recognized leading provider of assessment services to regulatory agencies and national associations, to develop, schedule, administer, score, and report the results of the NNAAP Examination for the Mississippi Nurse Aide Registry.

NATIONAL NURSE AIDE ASSESSMENT PROGRAM (NNAAP®)

The Nursing Home Reform Act, adopted by Congress as part of the Omnibus Budget Reconciliation Act of 1987 (OBRA '87), was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for nurse aides who work in such facilities. Each state is responsible for following the terms of this federal law.

The National Nurse Aide Assessment Program (NNAAP®) is an examination program designed to determine minimal competency to become a certified nurse aide in your state. The NNAAP was developed by the National Council of State Boards of Nursing, Inc., (NCSBN) to meet the nurse aide evaluation requirement of federal and state laws and regulations. Credentia is the authorized administrator of the NNAAP in your state.

The NNAAP Examination is an evaluation of nurse aide-related knowledge, skills, and abilities. The NNAAP Examination is made up of both a Written (or Oral) Examination and a Skills Evaluation. The purpose of the NNAAP Examination is to test that you understand and can safely perform the job of an entry-level nurse aide.

EXAM OVERVIEW

The two parts of examination process, the Written (or Oral) Examination and the Skills Evaluation, will be administered on the same day. You must pass both parts in order to be certified and listed on the Mississippi Nurse Aide Registry.

The Written Examination consists of seventy (70) multiple-choice questions written in English. Sample examination questions are provided in this handbook.

An Oral Examination may be taken in place of the Written Examination if you have difficulty reading English. The Oral Examination consists of sixty (60) multiple-choice questions and ten (10) reading comprehension questions. **If you want to take the Oral Examination, you must request it when you submit your Examination Application.**

At the Skills Evaluation you will be asked to perform five (5) randomly selected nurse aide skills. You will be given thirty (30) minutes to complete the five (5) skills. You will be rated on these skills by a Nurse Aide Evaluator. A complete listing of the skills is shown on pages 25 to 40.

See *The Written (or Oral) Exam* and *The Skills Evaluation* for more details about the NNAAP Examination.

ELIGIBILITY

ELIGIBILITY ROUTES

You are eligible to apply to take the NNAAP Examination for certification as a nurse aide in Mississippi if you qualify under one of the following eligibility routes:

NURSE AIDE CANDIDATE TRAINED IN MS – NON-FACILITY-BASED AND PROPRIETARY SCHOOLS AND COLLEGES

An individual who has completed a Mississippi state-approved nurse aide training program and has never been certified as a nurse aide. A completed examination application, fees, and a copy of the training program certificate of completion, or an original letter from the training program stating that training has been completed, must be submitted to Credentia. **If an original letter is sent with the Examination Application as proof of training, this original letter must be written on the training program's letterhead and must include: (1) the nurse aide candidate's name; (2) the nurse aide's date of**

training program completion; and (3) the signature of the instructor, director, or administrator of the training program. You have twenty-four (24) months from the completion date of the training program to take and pass both parts of the NNAAP Examination.

NURSE AIDE CANDIDATE TRAINED IN MS – FACILITY-BASED (NURSING HOME)

An individual who has successfully completed a Mississippi state-approved facility-based nurse aide training program and has never been certified as a nurse aide. **If an original letter is sent with the Examination Application as proof of training, this original letter must be written on the training program’s letterhead and must include: (1) the nurse aide candidate’s name; (2) the nurse aide’s date of training program completion; and (3) the signature of the instructor, director, or administrator of the training program. NOTE: You MUST take and pass both parts of the NNAAP Examination and be certified within four (4) months (120 days) from your hire date.**

STUDENT NURSE

Candidate must have successfully completed the fundamentals/basic nursing skills of a state-approved LPN or RN program within the past twenty-four months. Please contact MS State Department of Health to determine if the program is approved. **Note:** If approved and the student is eligible to test, the application must be signed by the instructor and submitted with a training completion certificate.

GRADUATE NURSE

An individual who has completed a Mississippi-approved RN or LPN program within the past twenty-four months. Graduate must submit examination application, fees, and a copy of an LPN or RN training completion certificate diploma or certificate to be eligible to take the NNAAP Examination.

OUT-OF-STATE OR FOREIGN LPN OR RN

You must obtain an application that is signed by the Mississippi State Department of Health, Bureau of Health Facilities Licensure and Certification. The signed application and fees must be submitted to Credentia.

(Eligibility routes continue next page)

RECIPROCITY CANDIDATE

Reciprocity is a process by which a certified nurse aide from another state may qualify for certification in the state of Mississippi by virtue of his or her status in that other state. You are eligible for reciprocity if you have been entered on a nurse aide registry in a state other than Mississippi in accordance with the training and competency evaluation requirements of OBRA '87, as amended, and if you are currently listed on that state's nurse aide registry as active and in good standing (see *Certification by Reciprocity Application* for details).

LAPSED NURSE AIDE

An individual whose certification is lapsed on the Mississippi or any other United States Nurse Aide Registry and who must re-test in order to become active on the Registry. If you fail either part of the NNAAP Examination on the **first** try, you will be required to complete a Mississippi-approved nurse aide training program **before** being allowed to re-test as a new nurse aide.

PETITION FOR REMOVAL OF FINDING OF NEGLECT

An individual whose nurse aide certification has been revoked due to **one** finding of Neglect and whose certification has been revoked for a *minimum* of one year (12 months). Individual must have no additional findings of neglect during that time, and must submit a **completed** petition to become active on the MS Nurse Aide Registry. **This includes challenging the NNAAP Examination.** If the individual fails either part of the examination, the Petition for Removal of Neglect will not be reviewed, and consideration of the removal of the finding of Neglect from the MS NAR will be denied. The individual will be permitted a second opportunity to challenge the exam as a part of the petition to have this finding removed after the finding has remained on the MS NAR one year (12 months) from the date of unsuccessful exam results. If the individual fails to successfully complete the examination the second time, there will be no additional opportunities to challenge the examination. No appeal will be permitted. Please provide the MS nurse aide certificate number and the date your certification was revoked, or the application will not be processed. **NOTE:** If you select this Eligibility Route, your application information will be forwarded to the MS State Department of Health for review and approval before a testing date is scheduled. The individual may be asked to provide additional information for review, which could cause delay in testing.

standard conditions. This may include:

Candidates who are on light duty are not permitted to take the Skills Evaluation; however, they can take the written/oral/CBT exam. Appropriate medical documentation stating return to full, unrestricted duty is required to take the skills evaluation.

CANCELLATION AND RESCHEDULING

You may **NOT** give your examination reservation to another person.

If you notify Credentia in time, there is no penalty and your fee may be transferred to your new examination date. If your employer paid your examination fee, you should tell them about missing the examination. Let them know how you have handled re-scheduling and when you plan to re-test.

THE SKILLS EVALUATION

WHAT TO EXPECT

SETTING

The Skills Evaluation is set up to resemble an actual caregiving situation. The Skills Evaluation area will look similar to your work setting. It will have all the equipment necessary to perform the assigned skills. The Skills Evaluation will be administered by a Nurse Aide Evaluator. Before your skills evaluation begins, the evaluator will show you where equipment is located and answer questions about operating the equipment.

Please arrive thirty (30) minutes early. Test times are approximate. Please plan to spend the day.

See pages 25-39 for the complete skills listing.

WHO WILL ACT AS A CLIENT?

The part of the “client” will be played by a candidate who volunteers to act as a weakened elderly person. While you perform the skills, speak to the candidate volunteer as you would speak to an actual client in a nurse aide work setting. You are encouraged to speak to the candidate volunteer not only because it is part of quality care, but also because it will help you to relax as you perform the skills.

CANDIDATE VOLUNTEER REQUIREMENTS

You will need to act as a candidate volunteer for another nurse aide’s Skills Evaluation and play the role of a nursing home patient (client). The evaluator will give you verbal instructions that will describe how you should act in performing the role of the client.

CANDIDATE DRESS REQUIREMENTS

You **must wear flat, slip-on, non-skid shoes**, a loose-fitting top with short sleeves that can be rolled up to the shoulder, or tank top, and loose fitting pants that can be rolled up. You will be required to put a gown on over your clothing. In no case may candidates remove clothing down to undergarments.

Prior to beginning the exam, you should inform the evaluator of any food or latex allergy or sensitivity to skin soaps or lotion. Any limitations to range of motion must also be communicated to the evaluator prior to the start of the skills examination.

For infection control purposes, you should not come to the

test site with open areas/sores on the skin. Candidates with any open areas or sores on their skin should reschedule their skills test to a later date after their skin fully heals.

THE TASKS

The NNAAP Skills List contains all of the skills that you may be asked to demonstrate during the Skills Evaluation. Each skill represents a task that you will be asked to perform in your job and has been broken down into a series of steps. *See pages 25-39 for the complete skills listing.*

A step that is highlighted in **bold type** is called a **Critical Element Step**. Critical Element Steps are important steps that must be performed correctly in order for you to pass the skill. If you leave out a Critical Element Step or do not perform a Critical Element Step properly, you will not pass the skill. However, if you perform only the Critical Element Step correctly in a skill, you do not automatically pass that skill. You must also correctly demonstrate enough steps to meet the passing standard (or *cut score*) for each skill.

Before your Skills Evaluation begins, the Nurse Aide Evaluator will give you an instruction card that will list the five (5) skills selected for you to perform. Hand-washing will always be one of the skills to be performed. The remaining four (4) skills are randomly chosen from the complete set of skills listings on pages 25 to 40 of this handbook. You are strongly encouraged to perform the skills in the order they are listed on the instruction card.

If you make a mistake, say so, and you will be instructed to tell the evaluator which step(s) is to be corrected and then to perform the step(s). You will not have to redo the entire skill, just the steps you wish to correct. There are, however, some exceptions to this rule. If you fail to put on gloves or take them off when it is required to do so and the evaluator reminds you to do so, for infection control purposes, then you will not receive credit for attempting to correct this step. If you wish to correct an order-dependent step (a step stating that an action should be performed **before** or **after** another step) and you fail to say **when** the corrected step should be performed, you will not receive credit for the correction.

Once you begin a new skill, you may not go back to correct a previous skill. The Nurse Aide Evaluator will not answer questions **during** the Skills Evaluation and will not tell you whether you performed a skill correctly. You may not receive help from anyone during the Skills Evaluation. If you do have any questions, please ask them before the Skills Evaluation begins.

One (1) of the four (4) randomly-selected skills will include a measurement skill (see the section below, *Recording A Measurement*, for more information regarding measurement skills).

You will be asked to decontaminate your hands (with hand sanitizer) before proceeding from skills performed on a live client to skills that are not. This is for infection control purposes and will not affect the results of your evaluation.

When you have completed your skills evaluation, the evaluator will direct you to wash your hands. Although this will not effect your examination results, for the purposes of infection control, you must wash your hands.

You must successfully complete five (5) out of the five (5) skills in the skill form to pass the Skills Evaluation. You will have thirty (30) minutes to demonstrate all five (5) skills.

RECORDING A MEASUREMENT

The NNAAP Skills Evaluation requires every candidate to perform one measurement skill, such as blood pressure, radial pulse, respirations, urine output, or weight. You will be given a special form, called a Recording Sheet for Measurement Skills, to write down, or *record*, the measurement. For example, if performing the *Measures and Records Blood Pressure* skill, you will write the complete systolic and diastolic pressures of your blood pressure reading in a box labeled Candidate Results.

On the following page is a copy of the recording sheet that will be used during the skills exam. The candidate must record his/her results in the Candidate Results box on this sheet. This sheet will be used to record the results of the following measurement skills:

- Measures and Records Blood Pressure
- Measures and Records Weight of Ambulatory Client
- Measures and Records Urinary Output
- Counts and Records Radial Pulse
- Counts and Records Respirations

TIPS FOR THE SKILLS EVALUATION

- You will be expected to perform the skills as you would in a nursing home setting. When water is required, you must use running water. All candidates will be required to perform the *Hand Hygiene* skill. The evaluator will inform you after you have washed your hands for the first time that you should just tell him or her when you would wash your hands during your performance of the rest of the skills, rather than actually washing them for each skill. For all steps other than hand-washing, you must actually perform the skill in order to receive credit. You may not simply tell the evaluator what you would do for simulating a step. For example, you may not simply tell the evaluator that you would wash the client. You must actually demonstrate washing the client. You may not simply tell the evaluator that you would feed the client. You must actually demonstrate feeding the client.
- After you have introduced yourself to the client for the first time, it is not necessary for you to introduce yourself each time you begin a new skill.
- To receive full credit for a measurement skill, you must accurately make the required measurement and then write that measurement on the *Recording Sheet for Measurement Skills*. The evaluator will provide the Recording Sheet to you at the test site. A sample of the Recording Sheet is shown on page 22 of this handbook. You are encouraged to become familiar with the Recording Sheet before your scheduled test date.
- You must know how to operate both a standing and a non-digital bathroom scale and must know how to set both types of scales to zero.
- You **may not bring** any of your own equipment to the test site (i.e. transfer/gait belt).
- It is important for you to place the call signal within the client's reach whenever you leave the client.
- *Where the word "client" appears, it refers to the person receiving care.*

SCORE REPORTING

EXAM RESULTS

If you have questions about your Score Report, or the content of the examination, call (888) 204-6213. **Results will not be given over the telephone.**

EFFECTIVE SEPTEMBER 16, 2019, score reports will be provided online and will no longer be handed out at the test center OR mailed to you. To access your score report, please log into the portal:

<https://scores.myconductor.com>

You will need your Testing ID from your *Authorization to Test Notice* to log in. Score reports are generally available within twenty four (24) hours after a testing event is completed for the day.

FAILING

If you fail the Written (or Oral) Examination or the Skills Evaluation, your Score Report will provide you with information on re-taking either or both parts. A new examination fee is required each time you re-take any part of the NNAAP Examination.

For more information concerning re-take fees, refer to the *Exam Fees* section in this handbook.

State and federal regulations allow you three (3) attempts to pass both parts of the NNAAP Examination. If you should fail either part three (3) times, you will be required to successfully complete a state-approved training program and re-take both parts. You must take and pass both the Written (or Oral) Examination and the Skills Evaluation within a twenty-four (24) month period from the completion date of your training program in order to be placed on the Mississippi Nurse Aide Registry.

HOW TO READ A FAILING SCORE REPORT

If you do not pass the Skills Evaluation, you will receive a Failing Score Report. The score report will list the 5 skills that you performed and a score of *Satisfactory* or *Unsatisfactory* for each skill. Any skill with an *Unsatisfactory* result is considered a failed skill. You must receive a *Satisfactory* result on all 5 skills in order to pass the Skills Evaluation.

Use your failing Score Report as an aid in studying to re-take the Skills Evaluation. A failed skill will show the reason for the failure. You may not have performed the steps of a skill correctly, or you may have forgotten a step, especially a Critical Element Step.

The failing Score Report will list steps that were missed or incorrect—look for numbers printed directly under a skill marked *Unsatisfactory*. A list of all the skills and the steps needed for each skill can be found in this handbook. Find the skill you failed, and study the steps, especially steps listed as *Unsatisfactory* on the score report.

In the example on the next page, a candidate received a result of *Unsatisfactory* on the skill *Hand Hygiene*. The numbers 1, 5, and 10 printed below the skill refer to steps that were missed or performed incorrectly. To study for re-taking the Skills Evaluation, this candidate should turn to the Skills Listing in this handbook, look for the *Hand Hygiene* skill, and review all the steps, especially steps 1, 5, and 10.

THE REGISTRY

ONLINE REGISTRY SEARCH

You can check your status and your address on file with the Mississippi Nurse Aide Registry by using the Internet. Go to www.credentia.com/test-takers/ms and select “Search the Mississippi Nurse Aide Registry” in the Nurse Aide Registry Resources section. Enter your last name and first name, Social Security number, or certification number to search for your Nurse Aide Registry record. This is a quick and easy way to check your status and address on file with the Mississippi Nurse Aide Registry. There is no charge for this service.

CHANGE OF ADDRESS OR NAME

The Mississippi Nurse Aide Registry MUST be kept informed of your current name and address. If your name or address changes at any time after you apply to test, you must send written notification of this change to Credentia. You may notify Credentia using the *Change of Address or Name Form* in the back of this handbook, or by sending a letter to Credentia (at the address on the inside front cover) indicating your current name, address, telephone number, certification number, and Social Security number.

If you change your name, you **MUST** provide written documentation of the change along with the *Change of Address or Name Form*. This documentation may be a copy of a marriage license, divorce decree, or other official document.

There is no charge for changing your name or address on the Registry. When you renew your certification, your new name and/or address will appear on the new Wallet Identification Card issued to you.

CERTIFICATION BY RECIPROCITY

Reciprocity is a process by which a certified nurse aide from another state may qualify for certification in the state of Mississippi by virtue of his or her status in that other state.

You are eligible for reciprocity if you have been entered on a nurse aide registry in a state other than Mississippi in accordance with the training and competency evaluation requirements of OBRA '87, as amended, and if you are currently listed on that state's registry as active and in

good standing.

Nurse aides from out of state who are eligible for reciprocity should complete a Reciprocity Application. You must mail the completed application, a copy of a W2 Form or paystub if you were placed on the state's registry over twenty-four (24) months ago, and a \$26 fee payable to "Pearson VUE" in the form of a company check, money order, or certified check to:

Mississippi Nurse Aide Registry

Pearson VUE

PO Box 822749

Philadelphia, PA 19182-2475

The length of the reciprocity process depends on the time it takes your state to provide Credentia with documents verifying your status as a nurse aide. Credentia will process your request as soon as it receives the necessary registry verification from the state in which you are certified (along with the application, W2 Form or paystub, and fee from you). The entire process takes a *minimum* of thirty (30) days. You will then receive your Nurse Aide Certificate and Wallet Identification Card and be placed on the Mississippi Nurse Aide Registry, or you will receive a denial letter indicating that additional information is required to complete the reciprocity process.

If you are denied reciprocity in Mississippi, you must take and pass the NNAAP® Examination in order to be added to the Mississippi Nurse Aide Registry. If you fail either the Written (or Oral) Examination or the Skills Evaluation on the **first** try, you will be required to complete a Mississippi-approved nurse aide training program before being allowed to re-test under Eligibility Route E1 as a new nurse aide.

If you have been denied reciprocity because you have negative findings on the registry of another state, you are not eligible to take the NNAAP® Examination for certification in Mississippi.

RE-CERTIFICATION

RENEWAL NOTIFICATION

The original Nurse Aide Certificate from the Mississippi State Department of Health, Bureau of Health Facilities Licensure and Certification, is valid for twenty-four (24) months from the date of issue. Approximately sixty (60) days before the expiration of your Nurse Aide Certificate,

Credentia will send a reminder notice (known as renewal notification) to the mailing address listed on the Registry. You may also print a Registry Renewal Form from the Credentia web site (www.credentia.com/test-takers/ms).

It is essential for you to update your mailing address with Credentia by calling (888) 204-6213 if you have a change of address. This will ensure that you receive your renewal notification in a timely manner. To be eligible for re-certification, you must have worked as a nurse aide performing nurse aide services for monetary compensation for at least eight (8) hours in a nursing home or other health care setting during the previous twenty-four (24) month certification period.

RE-CERTIFICATION PROCESS

Under federal and Mississippi state laws, candidates employed as nurse aides in nursing homes that participate in Medicaid/Medicare programs are prohibited from paying for their own re-certification.

When you receive your renewal notification from Credentia, contact your current employer (which must be a nursing home, hospital, hospice, home health agency or ICF/MR facility). Your employer is required to complete the employer section of the Re-certification Form. If you are working for an employment agency, and are placed in a long-term care facility, you must have the facility fill out the employer section of the Re-certification Form. **An employment agency cannot fill out the employer section of the Re-certification Form.** Employment as a private-duty aide, doctor's office aide, laboratory aide, personal care home assisted living aide, or personal care home residential living aide does not qualify for re-certification.

If you are not employed as a nurse aide at the time of re-certification, your *last* nurse aide employer must complete the employer section of the Re-certification Form, attesting to your employment within the last twenty-four (24) months. Nurse aides who are not employed in a Medicaid/Medicare nursing home at the time of re-certification are permitted to pay the re-certification fee of \$26. The fee may be paid by certified check or money order and made payable to "Pearson VUE." Personal checks are not accepted.

Upon re-certification, you will receive a new Wallet Identification Card indicating the new certification period. Make sure that your address and name are current on

the Registry. If your address and name are not correct, Credentia will NOT be able to notify you when your certification is about to expire. You must remember to notify the Registry *whenever* your address or name changes (include official documentation for any name change).

Nurse aides whose certification is lapsed on the Mississippi Nurse Aide Registry are required to re-test. These nurse aides must pass both parts of the NNAAP® Examination in order to become active on the Registry. If you fail either the Written (or Oral) Examination or the Skills Evaluation on the first try, you will be required to complete a Mississippi state-approved nurse aide training program before being allowed to re-test under Eligibility Route E1 as a new nurse aide.
